Board

Dear Colleagues,

The 3rd 5-Continent-Congress runs from September 18th - 21st here in Cannes on the glamorous Promenade de la Croisette. Our meeting is once again set against the backdrop of the French Riviera with its beautiful beaches at the home of the Cannes Film Festival, giving us the room and ambience we need to make this a world class meeting.

The 5-Continent-Congress is comprised of an international group of highly acclaimed dermatologists and plastic surgeons who are key opinion leaders in their fields. We are pleased to have collectively organized a highly professional four day conference dedicated to innovations and controversies in the field of aesthetic medicine accompanied by an interesting pre conference program. Advances in fillers, toxins, energy based devices and cosmeceuticals will also be presented.

International specialists from more than 30 countries and 5 continents are participating in extensive interaction and advanced trainings, workshops with hands-on sessions and live demonstrations. Exchange the latest news and trends, and much more what makes this congress so successful.

The members of the 5CC Board and myself are happy to welcome you in Cannes. We hope you will enjoy this year's 5CC.

Best regards,

David Goldberg

David J. Goldberg, M.D., J.D.

Welcome to Cannes

Cannes

Capital of cinema, city of stars and luxury... Cannes is known throughout the world thanks to its International Film Festival. As the third largest town in the region in demographic terms, following Nice and Antibes, this town offers a wide variety of tourist and cultural activities. With your feet dipped in the sea, Cannes is also a renowned seaside resort where the sun seems to shine every day. However, the town's assets do not stop there. Its history gives it a characteristic identity.

Entertainment

It is impossible to talk about Cannes without mentioning its famous Film Festival and the Palme d'Or, a veritable emblem of the town. The festival which was founded in 1946, is one of the most famous cinematographic events in the world. Hollywood's stars come to Cannes every May to join the festival. At this time the city's population almost triples. The Festival mainly takes place in the Palais des Festivals, at the end of La Croisette.

Flying to Cannes

If you want to fly to Cannes, the nearest airport is the Airport Nice, Côte d'Azur. It's about 18 miles away from Cannes city. You can fly to Nice from many major cities in the world. A transport service runs between Nice and Cannes approximately every 30 minutes during the day. If you catch a taxi, it typically takes about 25-30 minutes. Airport taxi ranks are located in front of the entrance to Terminal 1 and 2 of Nice airport. A helicopter service runs between Nice and Cannes which takes about half an hour.

Information

Logi-Vent GmbH acts as an intermediary and is not responsible or liable for loss, accidents or damages to people or things during the entire congress independently of their origin. Any other agreement will only be effective if in writing and signed by both parties.

HARNESS THE POWER OF SOUND

TO TRANSFORM THE NECK AND FACE

Ultherapy is the **ONLY** FDA-approved non-invasive lift of the neck and face

PRE-TREATMENT DAY 90, Single Treatment

PRE-TREATMENT DAY 180, Single Treatment

PRE-TREATMENT DAY 360, Single Treatment

WHY CHOOSE ULTHERAPY?

- Supported by rigorous science and clinical evidence
- Treats deeper than Lasers and RF to lift the skin's support structure
- A single 60-90 minute procedure with **NO** downtime
- Noticeable results that last 1 year or more
- One of the best ROIs in the aesthetics industry

Ultherapy®

SEE THE BEAUTY OF SOUND™

Special Pre-Conference Session

Wednesday, September 18th, 2013
Salle de Rédaction 1

IPS Annual Scientific Meeting: 12:30 pm - 05:00 pm

The lectures are chaired by world-renowned experts.

12:30 pm - 01:40 pm Chair: C. Borelli, M. Landau

- 12:30 pm - 12:40 pm Introduction - *M. Landau*
- 12:40 pm - 12:55 pm What You Should Know Before You Start Peeling - *T. Walker*
- 12:55 pm - 01:10 pm Superficial Peels For Acne and Rosacea - *C. Borelli*
- 01:10 pm - 01:25 pm Superficial Peels for Pigmentary Disorders - *S. Ghannam*
- 01:25 pm - 01:40 pm Combination Treatments with Superficial Peels and Lasers - *M. Landau*

01:40 pm - 02:30 pm Coffee Break

02:30 pm - 04:15 pm Chair: M. Landau, T. Walker

- 02:30 pm - 02:45 pm Basics of TCA and TCA Combinations - *T. Pavicic*
- 02:45 pm - 03:00 pm Lasers Versus Peels - *T. Pavicic*
- 03:00 pm - 03:15 pm History of Deep Peels - *L. Wiest*
- 03:15 pm - 03:30 pm Deep Peels - *J. L. Vigneron*
- 03:30 pm - 03:45 pm Deep Peels and Combinations of Peels - *M. Landau*
- 03:45 pm - 04:00 pm Combinations of Peels - *T. Walker*
- 04:00 pm - 04:15 pm Clinical Value of 3 D Imaging in Patient Consulting and the Procedure of Chemical Peels - *D. H. Groene*

04:15 pm - 05:00 pm Industry Discussion - News, Trends and Ideas

Chair: C. Borelli, L. Wiest, S. Ghannam

Attending industry partners:
P&M Cosmetics GmbH & Co. KG
- *D. Isermann (CEO)*

You cannot attend, but you are interested in the IPS?

Special Pre-Conference Session

Wednesday, September 18th, 2013

Auditorium I

Home Use Devices Symposium: 10:00 am - 06:00 pm

10:00 am - 10:10 am Welcome by the Chair – *G. Town*
 10:10 am - 10:25 am Home Use Devices: Market Size, Dynamics, Trends and Review of Recent Innovations – *D. Du Crest*
 10:25 am - 10:40 am Advancing Capabilities of Home Use Fractional Laser: Beyond Periorbital Wrinkles – *I. Yaroslavsky*
 10:40 am - 11:00 am Efficacy & Safety of Home Use Devices for Hair Removal and Skin Rejuvenation – *T. Nuijs*
 11:00 am - 11:20 am Safety in Home Use Appliances: Engineering Design and Interlocks – *D. Sliney*

11:20 am - 11:35 am Coffee Break

11:35 am - 12:05 pm Making Contact - The Class 1C Debate What are We Still Struggling with? – *J. O'Hagan*
 12:05 pm - 12:35 pm Is It Possible to Make Hand Delivered Medical/Cosmetic Laser Equipment Inherently Safe? – *J. Tyrer*

12:35 pm - 01:35 pm Lunch Break

01:35 pm - 01:45 pm Clinical Trial Results Update Using Fractional Home Use Devices – *C. Zachary*
 01:45 pm - 02:05 pm Clarisonic's Home Use Devices – *R. Ackridge*
 02:05 pm - 02:25 pm Home Use of Intense Therapy Ultrasound (ITU): Principals and Clinical Applications – *M. Slayton*
 02:25 pm - 02:45 pm International Progress in Standards and Regulation for Light-Based Home Use Devices – *G. Town*
 02:45 pm - 02:55 pm Home-treatments with Fractional Lasers – *P. Bjerring*
 02:55 pm - 03:10 pm Home Use IPL and Laser Hair Removal Devices: End-to-End Human Safety – *J. Nash*
 03:10 pm - 03:30 pm Comparative Results of Home Use Device Clinical Trials – *M. Gold*

03:30 pm - 03:45 pm Afternoon Tea

Home Use Device Forum (Expert Panel)
 Introduction & Moderation – *E. Van Kempen*
 What Are the Implications of Rewording of the GPSD? What Options Might Exist for Home Use Directed Energy Devices if They Were to Be Reclassified as Medical Devices? – *J. Tyrer, J O'Hagan, D. Sliney, G. Town*
 05:00 pm - 05:15 pm Home Use Efficacy and Safety Study for Mild to Moderate Acne – *C. Ash*
 05:15 pm - 05:30 pm Safety, Efficacy and Acceptability Testing of Home Use Devices with a CRO – *R. Petersen*
 05:30 pm - 05:45 pm Is Light the New Drug for OTC Applications? – *S. d'Arcy*
 05:45 pm - 06:00 pm Q & A

ESLD Fostering Course Advance: 10:30 am - 05:00 pm

The program of a global laser conference such as the 3rd 5-Continent-Congress "Lasers and Aesthetic Medicine" – represents a perfect platform and generates a panel of internationally renowned speakers for a Fostering Course.

Introduction • 10:30 am - 11:15 am

Chair: A. Troilius, A. Badawi

Optimizing Laser Parameters for the Best Possible Outcome - *A. Badawi*

Module I: Vessels • 11:15 am - 12:15 pm

Vascular Lesions Management: Port Wine Stains and Vascular Malformations -
Treatment State of the Art (When Lasers/IPL/Propanolol) - *A. Troilius*

Module II: Laser Hair Removal • 12:15 pm - 12:45 pm

Basics, Current Technologies (Survey) and Pitfalls - *A. Badawi*

Lunch Break • 12:45 pm - 02:00 pm

Module III: Hyper- and Hypopigmentation • 02:00 pm - 02:45 pm

Pigmented Lesions and Tattoos: When to Use Lasers and When Not? - *A. Badawi*
Excimer Laser in Dermatology and Aesthetics - *K. Fritz*

Module IV: Skin Tightening, Rejuvenation, Scars • 02:45 pm - 03:45 pm

Chair: K. Fritz, M. Gold

1. Lasers for Scars - *M. Adatto*
2. Fractional Laser Ablation and Fractional RF Advantages and Side Effects - *M. Gold*
3. Treatment of Scars, Acne Scars, Striae, Rejuvenation – Alternatives - *K. Fritz*
4. Q&A

Coffee Break • 03:45 pm - 04:00 pm

Module V: Body Contouring and New Applications • 04:00 pm - 05:00 pm

Chair: M. Lapidoth, M. Gold

Body Contouring with Lasers, RF, Energy Based Devices and Alternatives - *K. Fritz*
Drug Delivery Systems with and Without Lasers - *M. Gold*
News & Updates - *M. Lapidoth*
Discussion & Conclusion

Saturday September 21st, Salle de Presse at 09:00h.

Congress Venue

Palais des Festivals et des Congrès

In response to the growing success of the Festival and the advent of the first business conventions since 1965, the city of Cannes decided to build a new Palais in 1979. The new building, designed by the architects Bennett & Druet and constructed on the site of the municipal Casino, opened in December 1982 and expanded in 1999 with the construction of the Espace Riviera which is offering an unspoilable view on the sea.

The goal of the Palais is to become the European hub of business and leisure tourism for this the Palais creates a warm and welcoming atmosphere for visitors who come from all over the world.

Location / Getting to the congress center:

The congress center is located at the beginning of La Croisette directly at the waterfront, right in the heart of Cannes. The Palais des Festivals et des Congrès and the old port are approximately 18 miles (30 minutes by car) from the Nice International Airport with access to taxis and shuttle services.

Guests are also less than a mile from the Cannes TVG train station for convenient travel within Cannes and other destinations.

Address:
Palais des Festivals et des Congrès de Cannes
La Croisette CS 30051
06414 Cannes Cedex - France

Registration Desk

The registration desk will be located at the main entrance of Théâtre Claude Debussy (Level 1). Please visit the registration first to get your badge, your congress bag and the latest important information.

The European Society for Laser Dermatology

(ESLD) dedicates itself to dermatological procedures performed not only with means relating to photons (lasers, intense pulsed light sources and light emitting diodes) but also electrical current technology (electrocautery, radio frequency). Every aspect of these techniques are taken into account - i.e. research, biological effects on the skin, efficiency, safety and quality of cosmetic improvement etc. The goal of ESLD is to teach excellence in standards of techniques to its members.

www.esld.org

Sister Societies of the ESLD

The Home Use Device Working Group consists

of experts from all over the world, whether from medicine, scientific research, engineering or industry. The whole team is growing continuously with the driving interest of protecting the user of at-home light-based devices by assisting in the development of draft international standards, influencing regulatory processes and other areas which may impact upon Home Use devices.

www.home-use-device.com

The International Peeling Society dedicates itself

to the scientific development of peeling applications for the aesthetic medicine. Furthermore, the training in the application of peelings shall be promoted. The information obtained shall be published and made available to medical experts and interested laypersons. Another objective of the association is the education of doctors, patients and the general public on quality standards, risks and new developments in connection with peeling applications.

Shaping the future of aesthetics

BODY

November 2nd & 3rd 2013

CONFERENCE AND EXHIBITION
ROYAL SOCIETY OF MEDICINE
LONDON

Exploring both surgical and non-surgical treatments in the rapidly evolving BODY aesthetic market

BODY provides a broader scientific agenda that brings all specialities together at one meeting to provide a unique opportunity for debate and to learn more about the specifics of the many different market segments that make up the BODY aesthetic market place. BODY 2013 will be the largest UK congress this year devoted to the rapidly expanding non-surgical and surgical BODY aesthetics sector of the cosmetic market, and is a must attend event for practitioners and clinics operating in this exciting market segment. Focusing on Surgical and Non-Surgical Agendas, BODY 2013 will have something for all interested in the largest growing sector in aesthetics.

bodyconference.co.uk 0207 514 5989 info@face-ltd.com

Great Chemistry.

Meet Clinique's Powerhouse Solutions.

Do your makeup and skin care get along? Clinique's do. That's because both are formulated with the same goal: to perfect skin's appearance instantly and over time. Dark spots, lines, pores — no matter your concern. These foundations and serums were made for each other. Actually, they were made just for your patients.

CLINIQUE

Allergy Tested. 100% Fragrance Free.

General Terms and Conditions

Registration

Online Registration at www.5-cc.com is the most preferred way. Participants and accompanying persons are requested to register in advance by completing and submitting the registration form with appropriate fees. Registration is also possible by fax or regular mail. In order to avoid double charges, please submit your registration only ONCE.

Registration Fee for Delegates Covers

- Admission to scientific sessions and symposia
- Congress bag with numerous congress documents
- Admission to exhibition
- Lunch, tea and coffee breaks are not included in the participation fee. Catering will be offered at the congress venue at reasonable prices.

Registration Fee for Accompanying Persons Covers

- Admission to exhibition
- No access to scientific sessions and symposia

Registrations received after 9th September, 2013 will be processed as on site registrations.

Reservations for the Gala-Evening as well as for all optional activities (have to be paid in addition to the congress fee) must be indicated on a special registration form which will be sent separately to participants.

Registration is only valid if the complete payment of the conference fee as well as of other services booked has been made. Registration on site is possible during the entire congress within the opening hours of the registration desk. On site only credit cards and cash payment will be accepted. When registering at lower fees, a valid proof of status has to be presented on site. Please note that seats for workshops and symposia are limited.

Cancellation Policy

We will refund 80 % of the participation fee with a € 30 processing fee, if written cancellation reaches Logi-Vent GmbH before April 30th, 2013. We will refund 50 % of the participation fee with a € 30 processing fee, if cancellation reaches Logi-Vent GmbH before July 31st, 2013. After this date no refund will be possible.

Confirmation

When appropriate fees have been received, a confirmation will be sent to participants. This authentication should be presented at the registration desk in Cannes.

Payment should be made in Euro, without charges for the beneficiary as follows:

- By credit card (Eurocard/Mastercard, Visa, AMEX). Your card number, expiry date, credit card verification number, date and signature must be indicated when registering.
- By bank transfer.
- On site payments can also be made in cash.
Please note: Checks will not be accepted. Thank you for your understanding.

Credit cards fees

Please notice the following credit card fees:
MasterCard/Visa: 4%
AMEX: 7%

Information

Logi-Vent GmbH acts as an intermediary and is not responsible or liable for loss, accidents or damages to people or things during the entire congress independently of their origin. Any other agreement will only be effective if in writing and signed by both parties.

Logi-Vent GmbH shall not be liable hereunder on whatsoever legal basis by reason of any cancellation of all or part of the event or by reason of any termination of all or part of the event ahead of schedule on account of any cause that is beyond the reasonable control of Logi-Vent GmbH (such as acts of God, war, insurrection, civil unrest, strikes, etc.).

Three shades of excellence.

Membership

For \$250 or less per year, you can join us and a network of 3,500 ASLMS members around the world as we explore new laser medicine applications.

Benefits include an annual subscription to *Lasers in Surgery and Medicine*, online courses, global networking opportunities, and discounts on conferences and other educational opportunities. Join today at www.aslms.org!

Laser Aesthetics Course

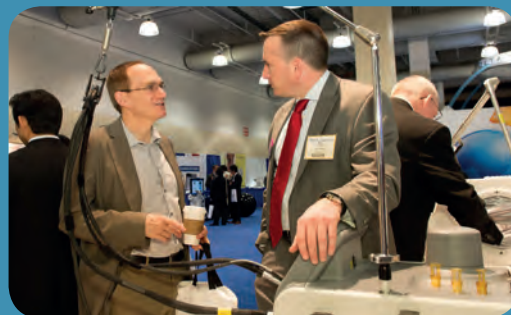

Attend the Laser Aesthetics Course, November 2 & 3, 2013 at the Beckman Laser Institute, Irvine, CA.

Topics of interest include hair removal, vascular lesions, skin tightening, skin rejuvenation, acne scars, port wine stains, irregular pigmentations, nevi, and melasma.

Visit www.aslms.org, call 715-845-9283, or email barb@aslms.org for details.

34th Annual Conference

Save the date for Laser 2014, the 34th ASLMS Annual Conference slated to take place April 2-6, 2014, Phoenix, AZ.

Award Nomination Deadline, August 31, 2013
Abstract & Travel Grant Deadline, October 14, 2013

Visit our website and social media pages for details as the conference program, courses and luncheons are developed.

General Information

Official Language

English will be the official language of the congress, there will be no simultaneous translations.

Name Badge

All delegates and accompanying persons will receive a name badge on site. The name badge is your ticket for booked activities and sessions. Admission to the congress will not be allowed without badge identification.

Registration Desk

The registration desk will be located at the main entrance of Théâtre Claude Debussy (Level 1). Please visit the registration first to get your badge, your congress bag and the latest important information.

Certificate of Attendance

All registered attendees both pre-registered and on site will receive a certificate of attendance issued on site.
