

7th 5CC

BARCELONA

August 31-September 3, 2016

**THE WORLD'S
LEADING
CONFERENCE ON:**

NEUROMODULATORS
FILLERS
COSMECEUTICALS
EMERGING TECHNOLOGIES
ENERGY-BASED DEVICES

FINAL CONFERENCE PROGRAM

18 EUROPEAN
CME CREDITS

DEAR COLLEAGUES,

We are glad that you are here and welcome you to our 7th 5-Continent-Congress in beautiful Barcelona.

The 5CC has established itself as one of the finest educational opportunities in the world, with over 140 incredible speakers who are the most respected dermatologists, plastic surgeons, and aesthetic physicians, from around the world. We gather here in Barcelona to share our knowledge, engage in wonderful discussions, and teach new therapies and new techniques in our ever changing aesthetic environment.

We are looking forward to an incredible 7th 5CC meeting over the next four days, covering all of the many facets of aesthetic and cosmetic medicine. This will include the world of injectables – fillers and toxins; all of the energy-based devices that are impacting our non-invasive treatments; skin care and how it impacts our therapies; chemical peels and what is new; home devices and what we can expect in the coming year; and marketing and the internet, and how this environment is changing how we do are daily business.

These and many more topics will be covered in an exceptional program featuring three Pre-Conference Symposia on Wednesday, more than 30 scientific sessions during the congress itself and for the first time at 5CC– seven intensive Teaching Courses, which allow the attendees to learn from experts first-hand and in small groups.

We promise a close interaction with our industry colleagues and partners. We will have them presenting their innovations in industry workshops, and we will have the latest technologies available for you to see and learn about from over 70 companies that are experts in this field.

As in recent years, we are cooperating with several national and international medical societies and associations. This year, we are proud to have eight of them (DASIL, ESLD, European LED Academy, GAERID, GSAAM, HUD, IPS and ISD) present their cutting-edge topics in their own symposia and sessions, which will be held over the next few days.

When we decided to move 5CC away from the French Riviera towards new shores –Barcelona– it was kind of a new beginning for all of us. Here and now we can say that with all of the amazing feedback we have received from our faculty, participants and industry partners during the last year, we could not be happier with this decision. A visit to Barcelona is a memory that is cherished for a lifetime and a memory that will live with you throughout your career and beyond. And now that you have experienced the cosmopolitan capital of Spain's Catalonia region, it will become a place that you will want to visit over and over again.

And so it is my great pleasure to announce next years' 5-Continent-Congress (8th edition) from August 31 – September 3, 2017, also in the beautiful city of Barcelona.

On behalf of the Board of Directors of the 5CC, we now welcome you to this years' 5CC.

DISCOVER SPAIN'S CATALONIA REGION

BARCELONA

Barcelona is not only the capital of Catalonia but also the capital of UNESCO World Heritage Sites. With 8 listed historical monuments, Barcelona holds the world record.

Also Barcelona is famous for its beautiful old town and "La Rambla", the well-known boulevard which guides its visitors from the city center to the beach. Countless cultural, historical and culinary highlights make this city so special and worth visiting at least once in a lifetime.

In 2016 this impressive city will give our meeting an appropriate framework to welcome physicians and key-opinion leaders from all five continents to the leading conference on Neuromodulators, Fillers, Cosmeceuticals, Emerging Technologies, and Energy-Based Devices.

FLYING TO BARCELONA

The airport Barcelona-El Prat (BCN) is the second largest airport in Spain and belongs to the top 10 in Europe meaning that national and international flights arrive in Barcelona El-Prat frequently. With a distance of about 15 km to Barcelona City it is very centrally located.

Alternatively, there are several smaller airports in the region, such as Girona (90 km) and Reus (90 km), which are mainly frequented by low cost airlines.

STAR ALLIANCE - OFFICIAL AIRLINE NETWORK

SAVE UP TO 20% ON TRAVEL WITH THE STAR ALLIANCE™ NETWORK

The Star Alliance member airlines are pleased to be appointed as the Official Airline Network for the 7th 5-Continent-Congress.

Registered participants plus one accompanying person travelling to the event can qualify for a discount of up to 20%, depending on fare and class of travel booked.

For more information, please visit www.5-cc.com.

AIRPORT TRANSFER

In order to arrange your transport from Barcelona airport to your hotel or to the conference venue (approx. 20 - 30 min.) you can choose between different options: public airport transfer, taxi or private transfer.

▶ Taxi

A public taxi service is available 24/7 and costs about € 25 - 30 (one way). Airport taxi ranks are located in front of the entrance doors of Terminal 1 and 2 of Barcelona airport.

▶ Public airport transfer

Aerobus-Express www.aerobusbcn.com
Price per person: € 5,90 (one way) / € 10,20 (return)

▶ Private transfer

Barcelona Day Tours
info@BarcelonaDayTours.com

Price per car (one way):

- ▶ 1 - 2 persons: € 59
- ▶ 3 - 5 persons: € 69
- ▶ 6 - 7 persons: € 79

Bigger groups on request.

CONGRESS VENUE

PALAU DE CONGRESSOS DE CATALUNYA

Av. Diagonal, 661-671, 08028 Barcelona, Spain
www.pcongresos.com

Located in the financial and business nerve center of the city, The Palau de Congressos de Catalunya is a part of the Hotel Rey Juan Carlos I – Business and City Resort, which at the same time is surrounded by some 25,000 m² of the most breathtaking gardens of the 19th century. The entire hotel complex is one of the most outstanding urban settings in the world.

The building itself is a symbol of contemporary Barcelona. It was designed by the architects Ferrater and Cartaña and has received the National Architecture Prize in 2001. The complex is made up of several adjoining buildings, which together provide great functionality and versatility, where natural light is the principal feature.

EXHIBITION HOURS
THURSDAY AND FRIDAY
FROM
9.00 - 18.00h

EXHIBITION

TRENDS, INNOVATIONS AND NETWORKING

More than 70 leading international companies and societies, showcasing in the exhibition area, are waiting for you to discover their latest products, technologies and services. Their best representatives are with us.

Beyond scientific and educational exchange, we are confident you will enjoy the beautiful gardens surrounding the Palau de Congressos de Catalunya.

HOME-USE DEVICE SYMPOSIUM

HUD is pleased to welcome you to its next big HUD Symposium in Barcelona in 2016 at the 5-Continent-Congress. HUD working groups will present their activities with Home-Use Devices and the development of the HUD Group.

14.00 - 19.00 | ROOM D1

13.00 | Registration Opens

14.00	Welcome by the Chair – <i>Town</i>	
14.05	'Purpose' of the HUD Working Group – <i>Town</i> <ul style="list-style-type: none"> To assist in development of international standards and regulations relating to safe and effective home-use, light- and energy-based devices. In advance of the publication of standards, to develop best practice recommendations, starting with safety. To encourage and disseminate communications about efficacy and safer of home-use, light- and energy-based aesthetic devices. 	
14.15	Market Data & Dynamics: Market data and future trends – <i>Grigar (KLINE group)</i>	
14.35	Survey Monkey: 2016 Home Use Devices – <i>du Crest</i>	
14.45	Standards & Regulatory Status: Consumer Device Standards & Regulations – <i>Sliney</i>	
15.00	Review Article Project: Update – <i>Ash</i>	
15.10 - 15.15 Questions & Answers		
15.15	HUDs Main Clinical Challenges	
15.25	Home-Use Device for Hair Removal and Skin of Color – <i>Sachdev</i>	
15.35	Evaluation of a Hand-Held Skin Tone Meter for Light Based Therapy – <i>Ash</i>	
15.45	Light-Based Home Use Devices: Are They Safe and Efficacious? – <i>Nash</i>	
	Sub-Dermal RF Facial Skin Tightening and Home Use Hair Removal Combining Optical and Galvanic Energy – <i>Mizrahy</i>	
15.55 - 16.00 Questions & Answers		
16.00 - 16.30 Coffee Break		
16.30 - 17.00 Panel Discussion with Clinicians Advocates & Opponents		
17.00	Introduction – <i>Town</i>	
17.05	What's New in Home-Use Devices? Clinical Long-Term (6 Months) Epilation Using a Home-Use IPL for Various Hair Colors and Thicknesses – <i>Ash</i>	
17.15	Hair Reduction from Prolonged Use of a Home IPL Device – <i>van Kempen</i>	
17.25	A New Generation of Home Use Hair Removal Combining Optical and Galvanic Energy – <i>Mizrahy</i>	
17.35	Home-Use Devices: Technology, Data and Claims – <i>Marlow</i>	
17.45 - 18.00 Questions & Answers		
End of Symposium		
18.00 - 19.00	HUD Members Meeting

WEDNESDAY, AUGUST 31, 2016

DASIL DERMATOLOGIC & AESTHETIC SURGERY COURSE 2016

DASIL aims to create a global community for the open exchange of knowledge and innovation by physicians specializing in dermatologic and aesthetic surgery.

14.00 - 18.00 | ROOM D3

13.00 | Registration Opens

14.00	Body Contouring Update New Concepts in Fat Reduction – <i>Chilukuri</i>	GOLD
14.15	Skin Tightening: What's New? – <i>Leal Silva</i>	
14.30	Toxins & Fillers – New & Interesting Fillers: New Thoughts – <i>Turkevych</i>	
14.45	Toxins: New Thoughts – <i>Peredo</i>	
15.00	Microneedling: The Real Truth Microneedling without RF – <i>Kassir</i>	
15.15	Microneedling with RF – <i>Gold</i>	
15.30	What Are the Newest Trends in Aesthetic Surgery? Pt. 1 Robotic Hair Transplantation – <i>López Bran</i>	
15.45	Advanced Flexible Full Contact Film-Forming Dressing to Treat Open Wounds and Compromised Skin – <i>Gold</i>	

16.00 - 16.30 | Coffee Break

16.30	What Are the Newest Trends in Aesthetic Surgery? Pt. 2 EBD: New Ideas – <i>Pai</i>
16.45	Invasive Radiofrequency Treatment – <i>Mandy</i>
17.00	Absorbable Sutures for Facial Lifting – <i>Gold</i>
17.15	Home-Use Devices – <i>Town</i>
17.30	What's New in Scar Therapy New Concepts in Scar Therapy – <i>Gauglitz</i>
17.45	Fractional Lasers & Scars – <i>Bloom</i>

End of Symposium

EUROPEAN LED ACADEMY SYMPOSIUM PHOTOBIO-MODULATION AND PRACTICE – THE NEW RULES OF THE GAME?

For the first time ever at 5CC, we are thrilled to announce the Pre-Conference Session of our Corporate Partner, the European LED Academy.

Enjoy innovative topics, which have yet to be published. International speakers will generously share their experiences with workshop trainings in the same symposium.

Don't miss this photonic travel, full of surprises

14.00 - 18.30 | ROOM D5

13.00 | Registration Opens

14.00	How to Manage Inflammation After Aesthetic Procedures? – <i>Hausdorfer</i>	PELLETIER
14.20	How Blue LED Can Be Effective On Acne Disorders – <i>Fouque</i>	
14.35	Biofilms and Cold Inflammation – <i>D'Alessio</i>	
15.05	Photobiomodulation and Clinical Parameters – <i>Pelletier</i>	
15.20	Low-Level Light Therapy on Tissue Repair – <i>Fritz</i>	
15.45	Red Light for Skin Fibrosis – <i>Jagdeo</i>	
16.00 - 16.30 Coffee Break		
16.30	Photobiomodulation and Combined Techniques – <i>Naranjo</i>	
16.45	Workshops Lasers for Skin of Colors – <i>Jagdeo</i>	
17.10	Post Inflammatory Pigmentation After Melasma Treatments/ Contribution of Photobiomodulation LED – <i>Naranjo</i>	
17.30	Non-Surgical Lift and Inflammation Control With Photobiomodulation LED – <i>Hausdorfer</i>	
17.50	Photodynamic Peels: What's New? – <i>Fouque</i>	

18.10 - 18.30 | Conclusion

End of Symposium

www.ledacademy.fr

The European LED Academy is a non-profit organization with a membership open to physicians, physicists, cell-biologists, and optoelectronic engineers, concerned with photobiological mechanisms and treatments related to the use of LED or Low Level Lasers.

Our society welcomes members and benefactors from pharmaceutical and medical device companies. Its goal is therefore dedicated to the promotion of research, education, and clinical applications in photobiology.

DASIL 5TH ANNUAL CONGRESS OCTOBER 19 - 23, 2016 AT THE WESTIN DUBAI AL HABTOOR CITY

DASIL, The Dermatologic & Aesthetic Surgery International League, welcomes the world to its' 5th Annual Congress to be held in beautiful and breathtaking DUBAI, United Arab Emirates.

The DASIL team has been busy assembling a truly international faculty of dermatologists and plastic surgeons from all over the globe – with over 125 of the most renowned names in our fields. Register now and join your colleagues, as we span the spectrum of dermatologic and aesthetic surgery – from Injectables, to Energy Based Systems, to Liposuction, to Hair Transplantation, to Cutaneous Oncology, to Dermatologic Surgery, and much, much more. We promise an outstanding clinical and social program for all in attendance. A wonderful post-trip to Abu Dhabi is also planned.

Teaching Courses

+++ ATTENTION +++
THIS COURSE WILL **NOT** BE HELD
IN THE CONGRESS CENTER! *

ROOM D1

ROOM D2

8.00 | Registration Opens

9.00 **Teaching Course:**
Chemical Peeling

Course Leader: **Sahar Ghannam**

Learn about the different peeling options and variety of different indications held by dermatologist, peeling expert and board member of the IPS, Sahar Ghannam.

The Chemical Peel

- The cell renewals process
- Definition & mechanism of action
- Objectives & classification
- Factors influencing the depth of exfoliation

Chemical Peeling: Types & Indications

- Alpha hydroxyacids & beta hydroxyacids
- TCA
- Phenol
- Combined peels

Chemical Peeling: Good Practice

- Diagnosis
- Protocols & follow-up
- Side effects management

Teaching Course:
Cadaver Injectables

Course Leader: **Mario Goises**

Join us for this comprehensive injectables cadaver workshop, held by cosmetic surgeon Mario Goises.

Lectures

- Regenerative Medicine: Practical Approach to Fat Harvesting and Processing
- Regenerative Medicine: Practical Approach to PRP and to Mixing PRP With Fillers
- Aesthetic Medicine: State-of-the-Art Techniques and Anatomy in Each Region

Teaching Course:
Laser & Light Basics & Safety

Course Leader: **Godfrey Town**

Dr. Godfrey Town Ph.D. introduces both beginners and experienced learners to the science behind light based therapy, covers key aspects of laser safety for the laser user and patient and explains how a detailed understanding of light-tissue interaction will assist you in delivering more effective treatments.

Program

- Understanding Light Generation and Characteristics
- Hazards and Risks From Lasers and IPLs

11.00 - 11.30 | Coffee Break

11.30 **Teaching Course:**
Chemical Peeling

Live Treatments

- Anti-aging
- Anti-spot
- Anti-acne

*** LOCATION:**
C/ Tecnologia, 25
08840 Viladecans
(Barcelona)

C/ Tecnologia, 25
08840 Viladecans
(Barcelona)

Transfer provided in front of the Congress Center at **8.30h**

Teaching Course:
Cadaver Injectables

Video Treatments

- Treatment of Frontal and Temporal Areas With Fat, Fillers and Botulinum Toxin
- Mini Invasive Rhinoplasty With Fat and Fillers
- Treatment of Malar Area and Lachrymal Sulcus With Fat and Fillers
- Treatment of Lips With Fat and Fillers
- Treatment of Chin and Marionette Lines

Teaching Course:
Laser & Light Basics & Safety

- Light-Tissue Interaction
- Side Effects and Adverse Incidents
- International Standards, Regulations and Guidelines
- Questions and Answers

13.30 | End of Teaching Courses

LASER & EBD SESSION **INJECTABLES SESSION** **AESTHETICS SESSION** **INNOVATION, NEWS & TRENDS SESSION** **CORPORATE PARTNER SESSION**

Teaching Courses

ROOM D3

ROOM D4

8.00 | Registration Opens

ATTENTION: COURSE STARTS AT 8.30h.

Teaching Course:
Social Media & Patient Management From Scratch

Course Leader: **Wendy Lewis**

Co-led by **Vivian Bucay, Jeanine Downie and Joel Schlessinger**

Led by Global Aesthetic Consultant Wendy Lewis and co-led by dermatologists and experts in the field of Social Media, this course teaches the essentials to building your brand on social media from scratch.

The New Social Media Landscape

- Best practices for aesthetic practitioners
- Managing your content and engagement
- Getting started
- Setting reasonable expectations & goals

(MVPs) Most Valuable Platforms & How To Use Them

- Facebook, Twitter & more, Instagram, Snapchat, Live Streaming Video

Social Media Pitfalls To Avoid

- Maintaining your professional voice
- Dealing with negative posts
- Allocating appropriate resources & budget
- Following patient privacy rules

Most Effective Social Media Strategies

- Content curation and creation tips
- Engaging with consumers, patients, media, & colleagues
- How to hire a Community Manager
- Guidelines for outsourcing your social media marketing

Teaching Course:
Injectables

Course Leaders: **Ava Shamban** **Suneel Chilukuri**

Co-led by **Chytra Anand, Joel Cohen, Marina Peredo, Peter Peng, Welf Prager and Heidi Waldorf**

Injectables experts Ava Shamban, board-certified dermatologist, and Suneel Chilukuri, internationally recognized and board-certified expert on cosmetic and reconstructive surgery, will lead through this cutting-edge injectables and injection techniques workshop.

Program

- Treating the Upper 1/3 Face - *Peredo*
- Treating the Mid 1/3 Face - *Anand*
- Optimized Combined Interventions with Different Filler Technologies - *Prager*
- Treating the Lower 1/3 Face - *Peng*
- Neck & Décolleté Rejuvenation with Filler - *Prager*
- Recognizing & Managing Complications - *Cohen*
- Ask the Expert - Case Discussion - *All faculty, led by Shamban and Chilukuri*

11.00 - 11.30 | Coffee Break

Teaching Course:
Female Rejuvenation

Course Leader: **Susan Murrmann**

Co-led by **Red Alinsod, Sebastian Pop and Allan Wu**

This course, held by Medical Doctor and women's health expert, Susan Murrmann, is intended for all doctors interested in learning about all the facets in the hot topic of female rejuvenation.

Global and Cultural Aesthetic Feminine Rejuvenation

- Introduction - *Murrmann*
- The changing "face" of female genitalia and the effects of age and lifestyle - *Murrmann*
- Vaginal rejuvenation: How it all started - *Wu*
- Ethics and culture of feminine rejuvenation - *Pop*

Evolution of Female Genital Cosmetic Surgery: Patient Selection, Concerns, and Where We Are Now

- Introduction - *Murrmann*
- "Barbie Look" labiaplasty and the "aesthetic ideal" - *Alinsod*
- Office based labia majora reduction: My technique - *Alinsod*
- Feathering Technique for Labial Revision Surgery - *Alinsod*
- Surgical approaches for the labia minora: Techniques, advantages and disadvantages - *Pop*

What's "Hot" in Energy Devices for Vaginal Rejuvenation: Radio Frequency Versus Lasers

- Evolution of EBDs for vaginal rejuvenation - *Wu*
- Non-surgical vulvo-vaginal rejuvenation using radiofrequency - *Alinsod*
- Laser based vaginal rejuvenation & its role in vaginal aesthetics - *Murrmann*

Aesthetics does not stop at the décolletage: Combining known procedures to enhance "the look" of the female appearance

- Introduction - *Murrmann*
- Aesthetic fillers and their role in vulvo vaginal rejuvenation - *Pop*
- Body sculpting and its role in vulvovaginal appearance - *Wu*
- State of the art of female rejuvenation: Going forward - *Alinsod*

Teaching Course:
Laser & EBD

Course Leaders: **Michael Gold** **David Goldberg**

Co-led by **Maurice Adatto and Moshe Lapidot**

Join Laser & EBD experts Michael Gold and David Goldberg, both board-certified dermatologists, in their teaching course on leading-edge technologies and innovative work with skin lasers, non-surgical rejuvenation and lifting techniques using energy-based devices.

Program

- What's New in Fractional Lasers - *Adatto*
- What's New in RF - *Goldberg*
- What's New in Fractional RF Microneedling - *Gold*
- Pigment and Tattoo - Update on Pico's - *Lapidot*
- IPL Technology - What's the Next Wave - *Gold*
- Body Contouring and Fat - What's New - *Lapidot*
- EBD Complications - *Goldberg*
- Panel Discussion and Q & A

13.30 | End of Teaching Courses

8th 5-CONTINENT-CONGRESS SAVE THE DATE

melanage[®]

Skin Brightening Peel

Melanage represents a new generation of chemical peel that does not burn, wound or injure the skin. The key to understanding Melanage is to distinguish between ingredients that modify corneocyte cohesion in a non-destructive manner and more traditional peeling agents that promote cellular injury. The former act on desmosomes, complexes that essentially bind together corneocytes in the stratum corneum. Combining such agents with other biologically active compounds may enhance the effects of such compounds due to the resulting barrier modification.

Melanage challenges the conventional belief that cellular injury is required to effectively modulate epidermal renewal.

Virtually painless with very low risk of post-inflammatory hyperpigmentation, Melanage may offer a new aesthetic option for the treatment of higher Fitzpatrick-type complexions.

A unique feature of Melanage is that it is supplied as a kit combining in-office procedure supplies along with comprehensive patient home care. This treatment strategy not only helps minimize potential complications resulting from inappropriate product use but also can improve treatment outcomes by exploiting the reduced epidermal barrier.

For additional information or a demonstration, call +1 860 529 7919 or visit www.youngpharm.com

AWARD FOR THE BEST ABSTRACT

Friday, September 2, 2016 – ROOM D3 at 16.20h

Awards presentation by
5CC Congress Vice President
Christine Dierickx, M.D.

WE ARE PROUD TO ANNOUNCE THE PARTNER COUNTRIES OF 5CC 2016

INTRODUCING OUR PARTNER COUNTRY INDIA

We are excited to announce India as one of five official partner countries from each continent for 5CC 2016.

The impact of aesthetic dermatology and plastic surgery in India has become evident with not only the increase in patient awareness and use of skin care but the large numbers of aesthetic dermatology and laser procedures being performed by professionals across the country. The nuances of skin of color are important and the international exchange of information at the 5CC meeting will be a huge advantage to all professional doctors attending the meeting.

Our cooperation with one of the leading countries in this field provides an excellent platform for an intense exchange between experts from all continents.

We are proud to announce our invited world-renowned KOLs from India:

- ▶ Chytra V. Anand
- ▶ Ganesh S. Pai
- ▶ Rahul Pillai
- ▶ Mukta Sachdev

Welcome to 5CC, India!

OUR NETWORK

ABOUT US

The 5-Continent-Congress is comprised of an international group of highly acclaimed Dermatologists and Plastic Surgeons who are key opinion leaders in their fields. It is a highly professional conference dedicated to innovations and controversies in the field of aesthetic medicine accompanied by an interesting pre and post conference program. Advances in fillers, toxins, energy based devices and cosmeceuticals will also be presented by international specialists from all continents.

We don't promise miracles.
We measure results.

Our gold-standard serum visibly improves dark spots by 58% at 12 weeks. Now it's part of a powerful duo, created with the newest insights from our guiding dermatologist.

We added a soothing optimizer to help quell the irritations that can lead to new darkening. So effective you will want to use it forever. So gentle you can.

New. Even Better Clinical™
Dark Spot Corrector & Optimizer
